NEDUET-ACM Student Chapter has been established with a purpose to elevate the development of future computer enthusiasts and professionals by offering networking opportunities and access to the resources of one of the largest and renowned student organizations in the world, ACM - Association for Computing Machinery.

Our recruitment drive was a very filtering one, as the Executive body was selected on the basis of their past experience and hard work throughout the years. Later interviews for Directors, Deputy directors, Team managers and Team members were conducted under the sight of faculty so no chance of biasness could stand, likewise eligibility criteria was seriousness, compassion and devotion to work hard in their respective teams and make NED-ACM Student Chapter the best of all.
