About UPES

Established in the year 2003, University of Petroleum and Energy Studies emerged as Asia's first energy and Core Sector University offering industry focused specialized undergraduate, postgraduate and doctoral programs in various fields. UPES is committed to maintaining high standards in providing the best quality education and endeavours to be recognized as the 'Nations Builders University' with a vision of creating specialized professionals in the core industrial sectors that contribute to the economic growth of the country. Its primary goal is to develop domain specific and talented professionals who are ready to join the core industries by providing them proper resources they need to enhance their

professional skills.

UPES also provides industrial exposure by taking students to the industrial tours to show them how exactly the industries function and what the core sectors expect or demand from them. It has many student chapters and societies consisting of core committee members, and faculty sponsors who work together to create a healthy working environment for the students.

UPES believes in providing opportunities to each and every one to showcase their talents in front of the world by carrying out different technical and non-technical competitions, fests and events as

well as workshops and tutorials. Its mission is to improve the skillsets of the individuals and upgrade it to a level which will help them stand out from the rest and bring out the best in them.

About

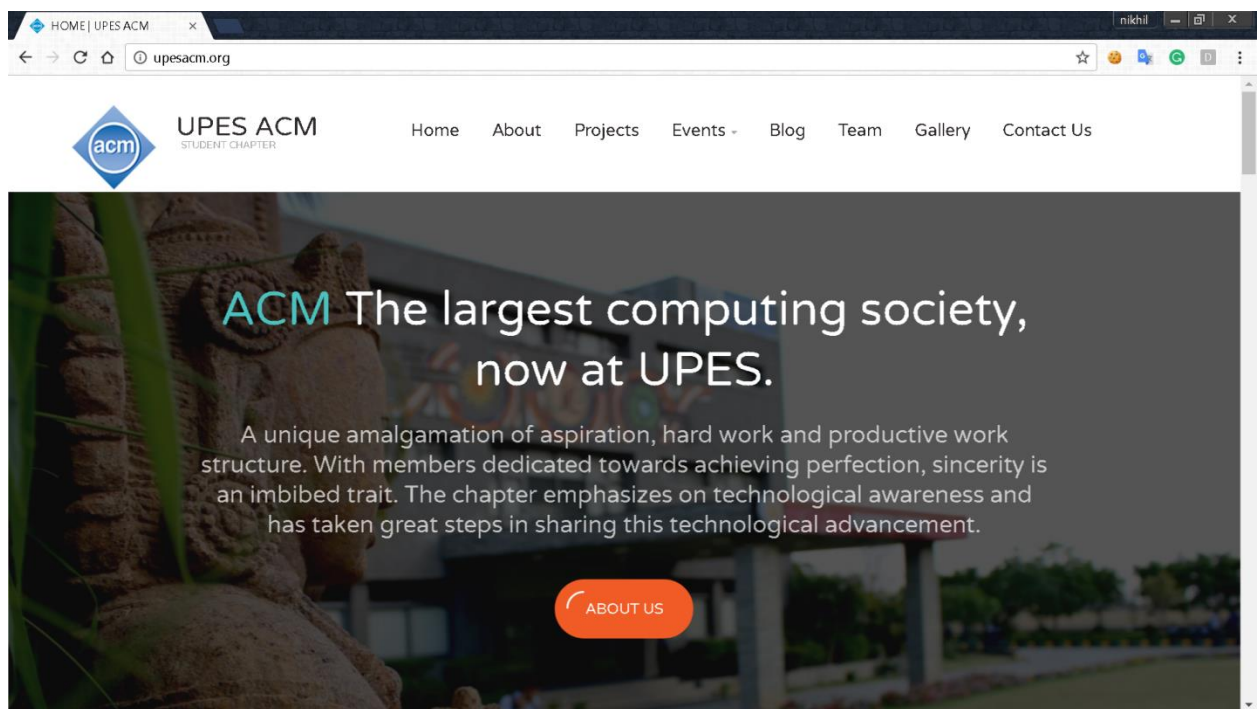

UPES ACM

Established in the year 2010, The UPES ACM Student Chapter primarily focuses on creating interest, developing the logical thinking ability and spreading awareness about the technological and computing information among the people. Started as a small unit, the UPES ACM society evolved consistently year by year and is now the only student chapter with international exposure. The UPES ACM team believes in working together as a family and always standing as a constant support for each other. We work as hard as possible and put all our hearts and sweat to make sure that it functions properly and stands to people's expectations. Its main motive is to educate the community, sharing the valuable knowledge they have with the people and keeping them updated with the latest happenings in the technological world. It welcomes new and innovative ideas and makes sure that they get the proper exposure. ACM chapter conducts several workshops on various technical and non-technical themes from experts specializing in that field. It also conducts competitions, technical events, gaming events, fun contests to make sure there is entertainment and learning side by side. It also organizes the annual technical fest, Prodigy which concentrates on increasing the passion and interest among the learners in their respective domains. It is the combination of dedication, hard work and hunger for achieving perfection with utmost sincerity and dignity working 24X7 that makes

UPES ACM chapter the best. The constant show of support and active participation from its members makes it work even harder than ever to maintain the reputation it has built over the years. "Talent wins games, but teamwork and intelligence wins championships", this beautiful quote from Michael Jordan truly defines the shining journey of UPES ACM student chapter.

UPES ACM WEBSITE

The UPES ACM Student Chapter aims at introducing the students to a dynamic environment to practice, learn, and hence evolve technically in the domain of website development along with catering the needs of the student association via the UPES ACM Website (<http://upesacm.org/>). The website is fully committed to providing a visitor, information regarding the UPES ACM & ACM-W Student chapter in a clear, useable, and accessible format with a crisp design and typography. The website for the session 2016-17 was fully designed using PHP and inculcated features like SEO Optimization, light box and many more.

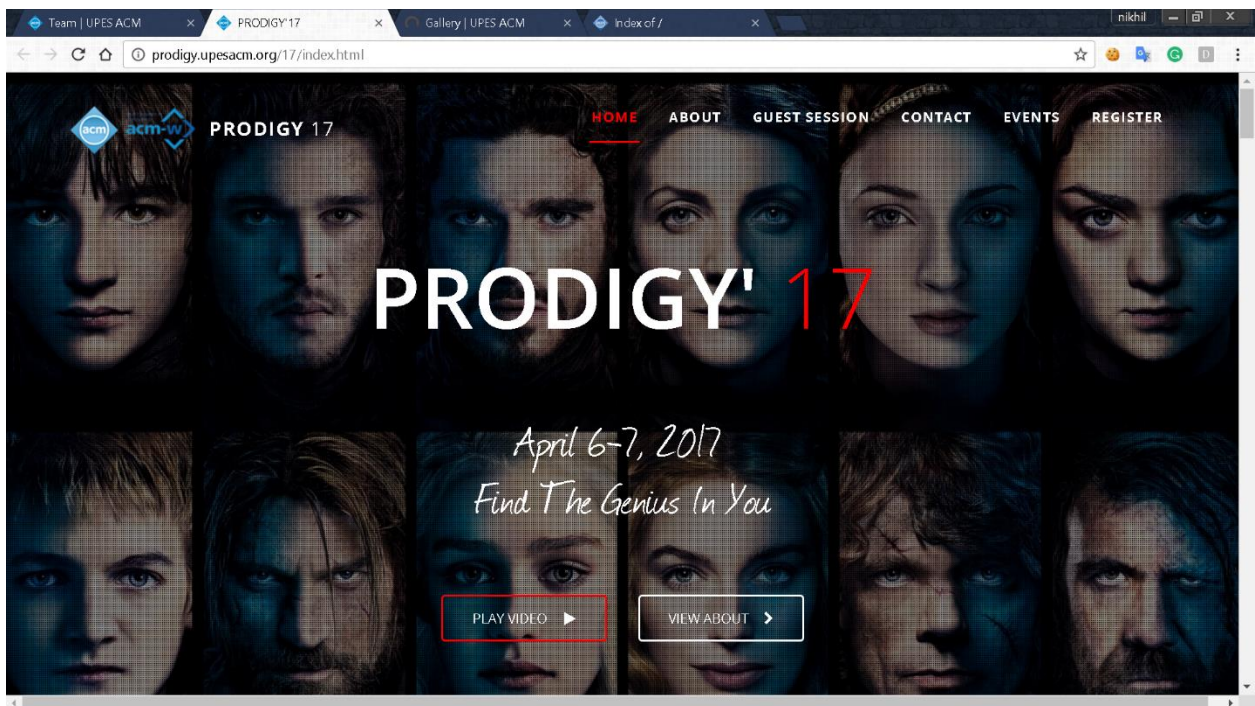

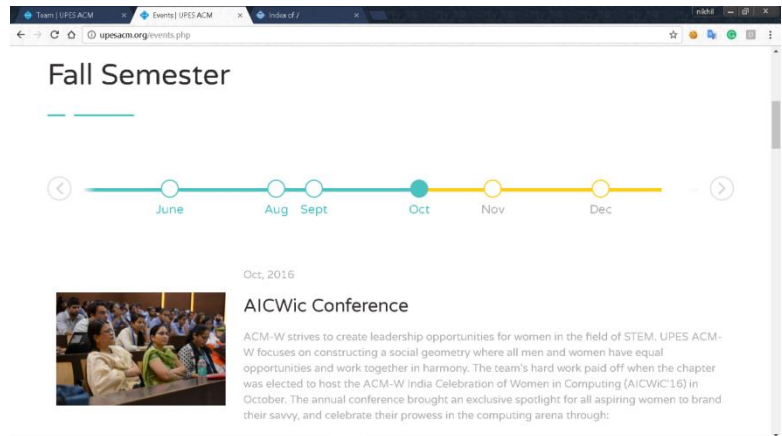

The website incorporates separate sections presenting a detailed overview of chapter's activities and recent happenings. It also features an exclusive blogging platform, which is regularly updated with news and articles on the latest trends in the technical industry.

The platform also encapsulates an entire event timeline section wherein the upcoming events of the chapter are displayed for the students to stay updated with and register accordingly. Furthermore, it also highlights the accolades of

the students and their projects which includes few innovative ventures like UPES LMS, e-LOCS etc.

The UPES ACM website also gives a detailed overview of the entire hierarchy of the student association in the team section. The chapter also shares the moments of joy and frolic via various captures in the Gallery of the website.

With the testimonial section, the thoughts and experiences of our community members along with featured quotes by executive members of the committee are shared with the visitors.

The website also provides easy access to the Chapter's Annual Tech Fest – Prodigy's Official Website prodigy.upesacm.org, which focuses on providing all the relevant details of the events that were conducted. One of the most distinct features of our website is the online registration portal where the students can register themselves in the events of their choice and pay registration amount online.
